

A diagram showing six circles of different sizes. The circles are arranged in a loose cluster. The diameters of the circles are labeled inside them: 45,00 mm (top left), 40,00 mm (top middle), 97,50 mm (top right), 70,00 mm (middle left), 62,50 mm (middle center), and 100,00 mm (bottom left). The 100,00 mm circle is the largest, followed by the 97,50 mm circle. The 40,00 mm circle is the smallest.

45,00 mm

40,00 mm

97,50 mm
